## *A Message From Our President...* **CINDY FRANATOVICH**

*C*an you believe that we are already in 2010?!

*C*an you believe that the Saints won the NFC playoffs and the Superbowl?

*C*an you believe we had one of the coldest winters on record?

*C*an you believe that Mardi Gras is over? And,

*C*an you believe that we are living in the best waterfront community on the Northshore? I am Cindy Franatovich and can you believe I will be your president of the Eden Isle Homeowners Association this year. I have big shoes to fill from Liz Hoffmann, our past President, but I am excited and look forward to serving you and continue to make our community proud to call home.

*H*ello to all residents of Eden Isle. The new year has gotten off to a great start with 1190 families strong and our community continues to grow as we take shape right within our view. I believe that with perseverance and commitment to our vision, Eden Isle will continue to move along a path of greatness. You have my promise to give my best effort as the President of Eden Isle Homeowners Association. Thanks to all of our homeowners that have supported EIHOA. We were able to install security cameras at both entrances, erect new street signs, and maintain all green spaces as well as beautify entrances just to name a few of our projects. With your continued support, we look forward to fulfilling our wish list and improve our community. The board has been working hard to implement changes that we feel will take Eden Isle to the next step in improving the quality of life for everyone. Thanks to all the active residents, our continuing journey toward the community's rejuvenation is proving to be very successful. Through your continued support of the Board, we hope to carry on our work into the New Year. I have lived in our community almost five years now. I have been active on the Board for the last three years and I am very happy to see that all of the long hours spent working on our community's issues are paying off. It is a collective effort by all current and previous volunteers. As a resident and Board member, I greatly appreciate your time and value your friendship. As a neighbor and friend once told me, "Living in Eden Isle is truly, Paradise on a half shell."

## Neighbor News Corner:

Many of you know John Sconza our neighborhood writer for the Times-Picayune and fellow resident. Because John is always there for us, this is for him (hopefully this will help him reach his goal and he won't be having to use shampoo):

"Greetings family, friends and coworkers,

I am planning to get my head shaved at a St. Baldrick's Foundation event for the first time in my life for a good cause. The event I am participating in is at the Claddagh Irish Pub in Newport, KY on March 14th, 2010.

The St Baldrick's foundation began the fund raising event in March 2000 to help benefit kids with cancer. To read all about the St. Baldrick's Foundation you can follow this link

<http://www.stbaldricks.org/> and click on "about us": Last year, the St. Baldrick's Foundation rose over \$16 million shaving 33,366 participants.

So yes, you heard it right - I'm shaving my head in solidarity with children who have cancer and typically lose their hair during treatment, while raising critical funds for childhood cancer research! In the US, more children die of childhood cancer than any other disease. Please make a donation on my behalf to support childhood cancer research so that all children diagnosed with cancer will have a better chance for a cure.

I won't do this unless I have \$1000 dollars I know times are tough donate what you can. I appreciate it.

To make a donation, click on "Make A Donation" or donate by mail or phone.

Thank you for your support!

Please remember to take down all YARD SALE signs from the neighborhood on the same day that your yard sale ends.

After the event your sign just becomes LITTER.

## Useless yet interesting facts:

1. Mosquito repellents don't repel. They hide you. The spray blocks the mosquito's sensors so they don't know you're there.
2. Dentists have recommended that a toothbrush be kept at least 6 feet away from a toilet to avoid airborne particles resulting from the flush.
3. The liquid inside young coconuts can be used as substitute for blood plasma.
4. No piece of paper can be folded in half more than 7 times.
5. Donkeys kill more people annually than plane crashes. (Killer donkeys - who knew?)
6. You burn more calories sleeping than you do watching television. (No wonder I sleep so much)
7. Oak trees do not produce acorns until they are fifty years of age or older.
8. The first product to have a bar code was Wrigley's gum. (more to come next issue)

**Lawns:** March marks the beginning of the lawn care season. By now many of the grasses that were dormant over the winter are starting to green up. Or at least the clover is. Before you use Weed & Feed, please be careful as much of this product ends up in our very fragile canal and waterway systems. Even though fertilizer formulas have changed because of recent laws, they are still over used. Be careful when using these products as for insectsides our waterways are so fragile. Check with the professionals to make sure you use them correctly and responsibly.

**Palm Trees:** Do your palm trees look dead from the freeze?  
Are you afraid they are gone for good?

Don't panic. Check this out:

(Video 02/15/10) Not all palm plants are created equal. Because of the unusual cold this year, some palms are looking brown and dried up, while others are green and healthy looking. On this edition of Get It Growing, LSU AgCenter horticulturist Dan Gill explains the differences among popular palms and how to care for them. (Runtime: 1:37)
