

I offer my candidacy for the Harborview Board of Directors for a term beginning in 2006. My beliefs are much like every property owner at Harborview; assuring an aesthetically pleasing place to live, continuing repair and replacement projects and most importantly protecting our investments.

I have completely renovated two units in Harborview, top to bottom, and am aware of what we, as owners must contend with. Those in Harborview who have seen my remodeling work know that I have an attention to detail and feel strongly in not accepting sub-par work.

My finest accomplishment was raising and educating three successful sons. The others are as follows:

Former Chief Investigator for the Orleans Parish District Attorney's Office specializing in fraud and corruption.

Retired New Orleans Police Department Lieutenant with 26 years of service.

Owner and operator of a small business employing five persons and grossing nearly one million dollars in sales per year.

Owner of several pieces of rental property.
