PEACE and GOODWILL

*****December, 03

ENTRANCE GATE!

In order to keep our gate in good working order, it is imperative that we operate the equipment properly. Therefore, please wait until the gate has completely closed before using the remote to reopen it. If someone enters directly in front of you, after the car completely passes the eye, the gate will begin to close. It takes just a few seconds for the gate to close, then press your remote to reopen the gate for your vehicle to enter. If we all cooperate with this method, there will be less down time on the proper operation of the gate.

Iron Work Project!

It may seem that progress with the iron work has been slow. After working on a "Test Section", the engineers are speaking with several different contractors to determine the proper and most economical way to proceed with this project. We expect to hear a decision within the very near future. Thanks for your patience in this matter.

Important Reminders:

1. When using the gas barbeque burners on the deck

in the pool area, please be sure to turn all the burners in the off position after use. This could become a dangerous situation, if not handled properly.

2. There are several "No Parking" signs in the rear of the building. Please cooperate with these signs; for one reason, the truck cannot get to the dumpster to empty it. In the future, cars parking in these areas will be fined.

3. A reminder concerning the noise level in your unit. With the holidays upon us, more people will be home and therefore, we ask that you be courteous to your neighbors by being aware of the noise level in your unit. Residents on the upper levels (3 & 4), please remember that you also have neighbors below you.

BOARD POSITIONS!

We have been receiving some interest in running for positions available in January, 04 for the Board of Directors. Please be sure that these are in before the end of the year, in order for your picture and paragraph regarding your qualifications to be distributed to all owners.

Notes From the Manager

It seems that several residents have been confronting Charles regarding his jobs here at Harborview. Since this is handled through the office, please see me for this information.

A special "Thank You" to Mr. Treigle, who so generously donated those beautiful oranges last month.

The Holiday Season is not always a happy time for those less fortunate! Please be generous and kind to others and make it truly a Happy Holiday Season for all!!!!

Merry Christmas!
Manager
