

Moonraker Island Civic Organization Inc

Wed 3/9/2022 12:42 PM

I will try to pass along information that is appropriate to our community.

Magnolia Water Company: Never think our homeowners' organization is asleep at the wheel. Although I have been out of commission, our board has been collecting information steadily. Our State Representative, Mary Du Buisson, is hard at work to get to the bottom of this situation. John Faust has been collecting information. Naomie Hess has been collecting information. Larry Lehanns has been collecting information. Those of us living in this area have been posting information. The problem seems to be separating fact from opinion or supposition. This is now the case which again takes time. The meeting posted as a closed-door meeting with Public Service Commissioner Skemetta was never meant to keep information FROM our people. It was set up by Mary Du Buisson to get information. Just know that there are people who are hard at work for our interest. In the meantime, pay your bill so that your service will not be cut off.

Those who are disregarding the ruling by the zoning commission to cease and desist short-term renting are paying the price. If you suspect STR, let us know.

I'm told the Hwy.11 bridge is scheduled to open at the end of March.

The plans for our street are reaching culmination.

The arrows for the bridge are waiting for a crew to do the work. Don't laugh.

Again, our meeting will have to be postponed. More on that later.

DUES: DUES: DUES:

We need our residents to pay their \$50 dues. Everyone who works in any way associated with MOONRAKER ISLAND CIVIC ORGANIZATION volunteers his or her time. There is no monetary compensation in any way. Homeowners' organizations cannot function without the dues collected from its residents. If you haven't paid 2022 dues, please do so. Make checks payable to MICO, at 114 Moonraker Dr.
